Methodology

The feedback on curriculum is collected from teachers to know their opinions and gather their suggestions regarding the academic quality of the curriculum. The details are collected using questionnaires. Suggestions on areas to be focused and revised are considered by the institution and necessary actions are taken.

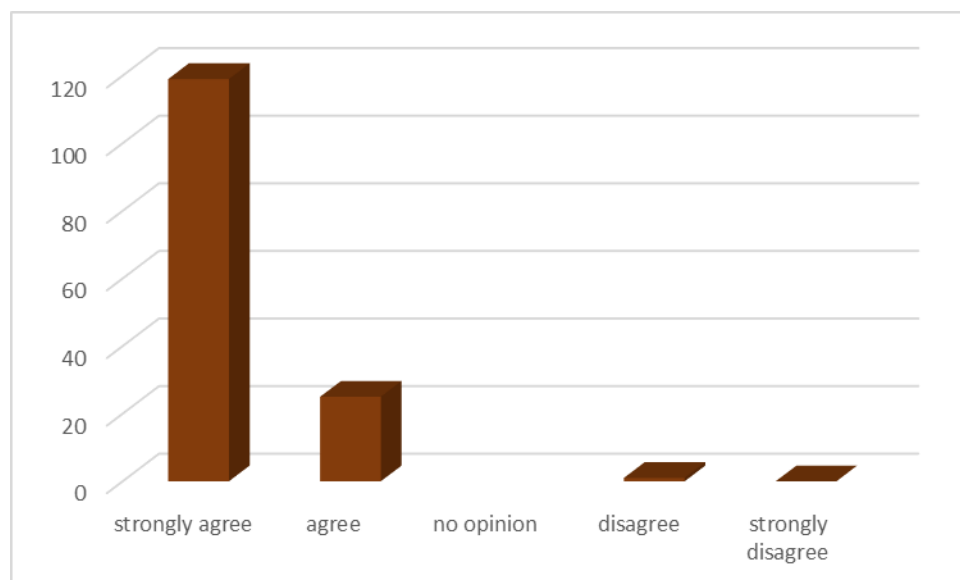

- **The course objectives are clear and reflected in a syllabus**

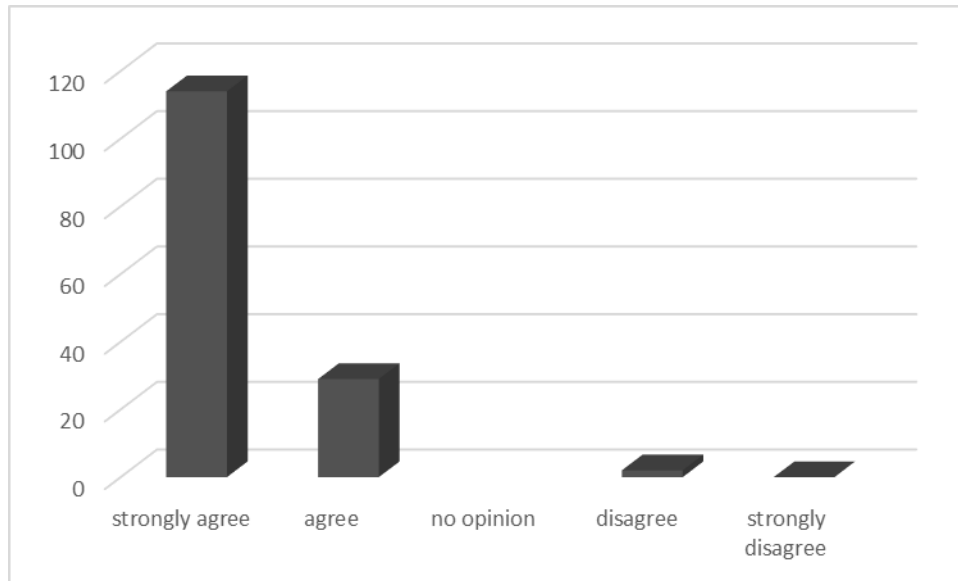

- **The Course is well organized (e.g. teaching hours, content flow etc.)**

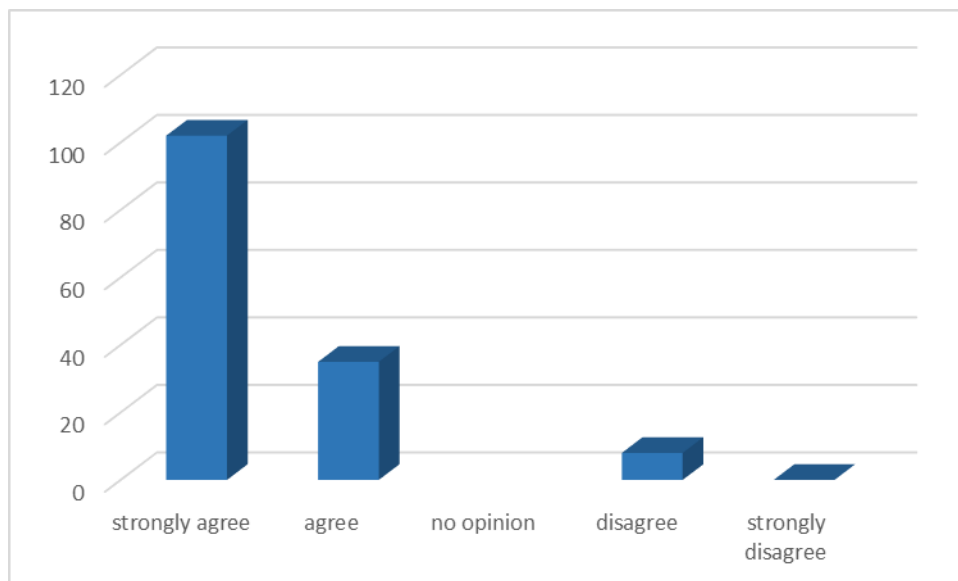

- **Emphasis on fundamentals, coverage of modern/advanced topics, and good balance between theory and application**

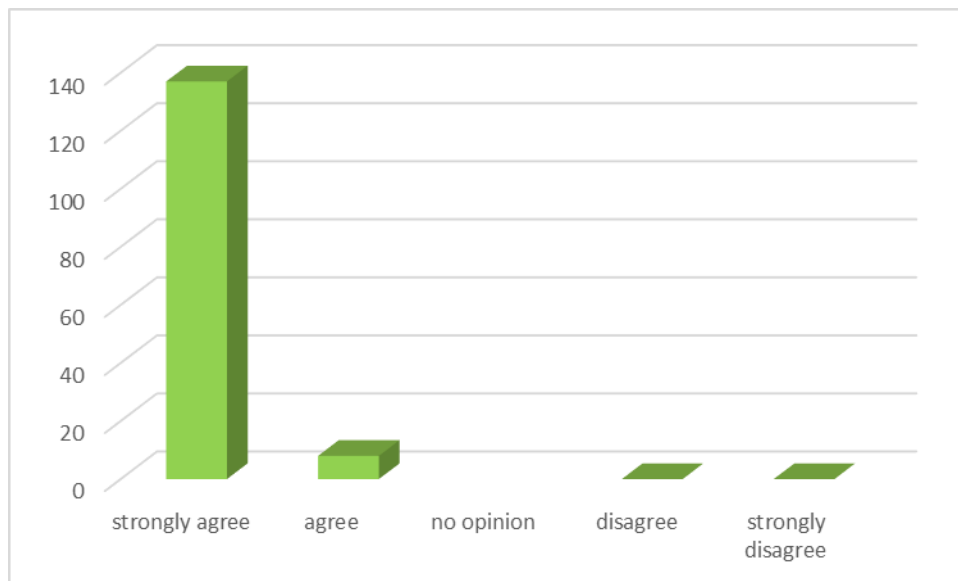

- **The course is well-structured to achieve the learning outcomes**

- **The books/reference materials prescribed are relevant, updated, and appropriate**

- **Assessments and instructional activities align to the learning and teaching objectives**

Suggestions

- There is a need to give emphasis on fundamentals, coverage of modern/advanced topics, and good balance between theory and application.
- In certain courses there is need to restructure the syllabus to achieve the learning outcomes.
- List of reference materials needs periodical updation.
- Assessment tools should be modern and appropriate

Action taken

Summary of the findings were discussed in the staff council. Departments were asked to consider the same.
