SUMMARY OF RESPONSES

The curriculum was well-organized and structured systematically
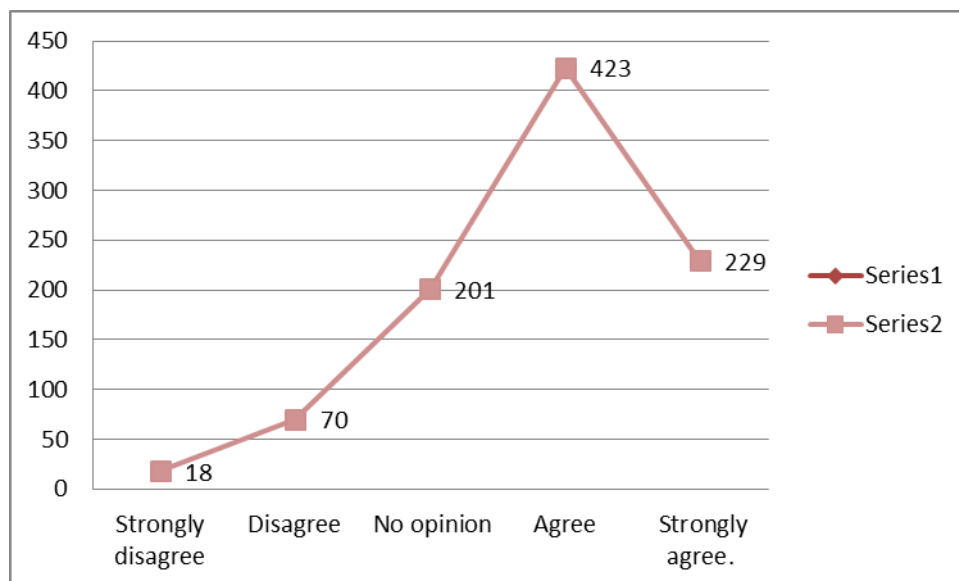

**The courses helped me to gain new insights and understand new trends in my discipline**

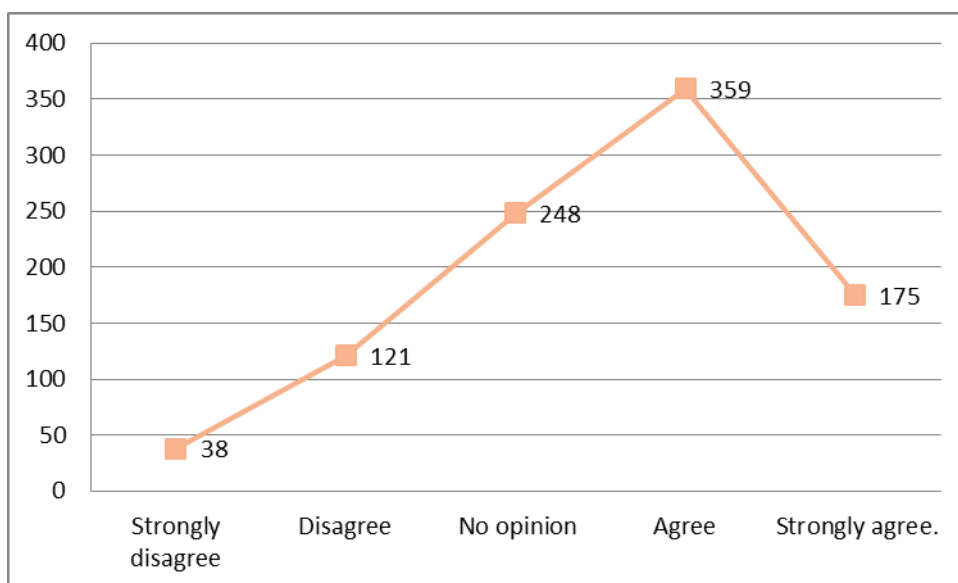

ICT, Virtual tours, subject updating seminars, case studies etc were added to the learning experience.
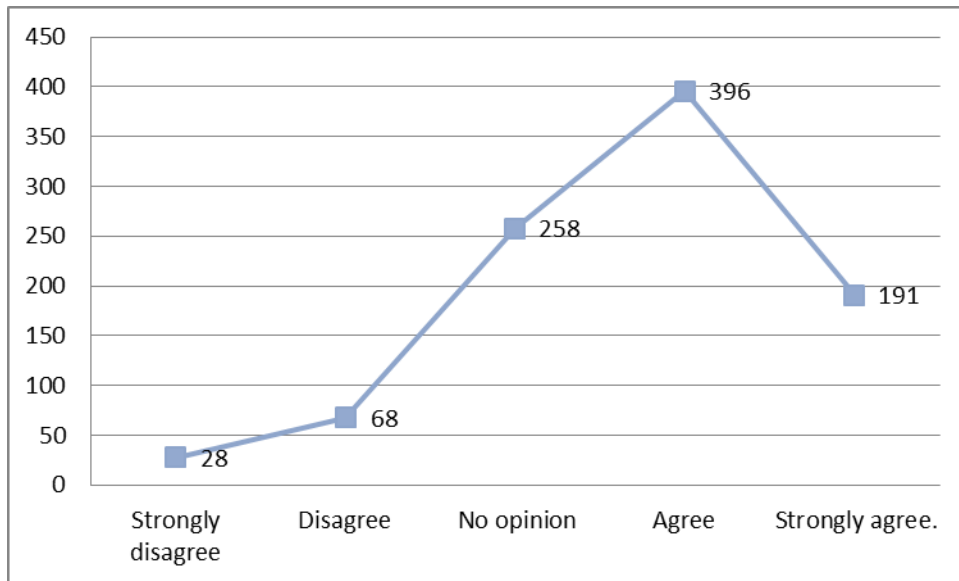

**I received pre-course material and other communications in a timely manner**

The time allotted to study a course (subject) was sufficient on an average.
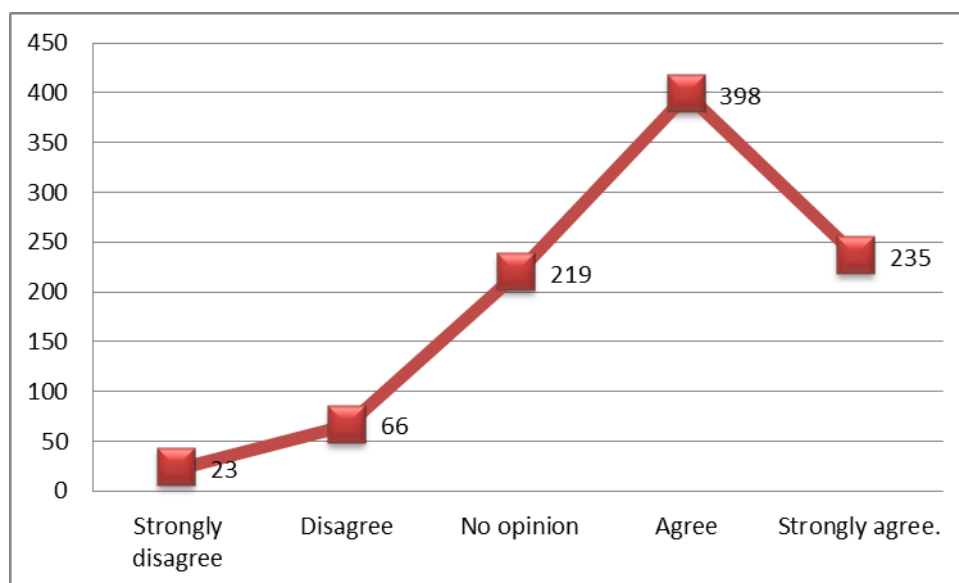

The evaluation process and assessments provided opportunities to me to demonstrate the knowledge and skills acquired.

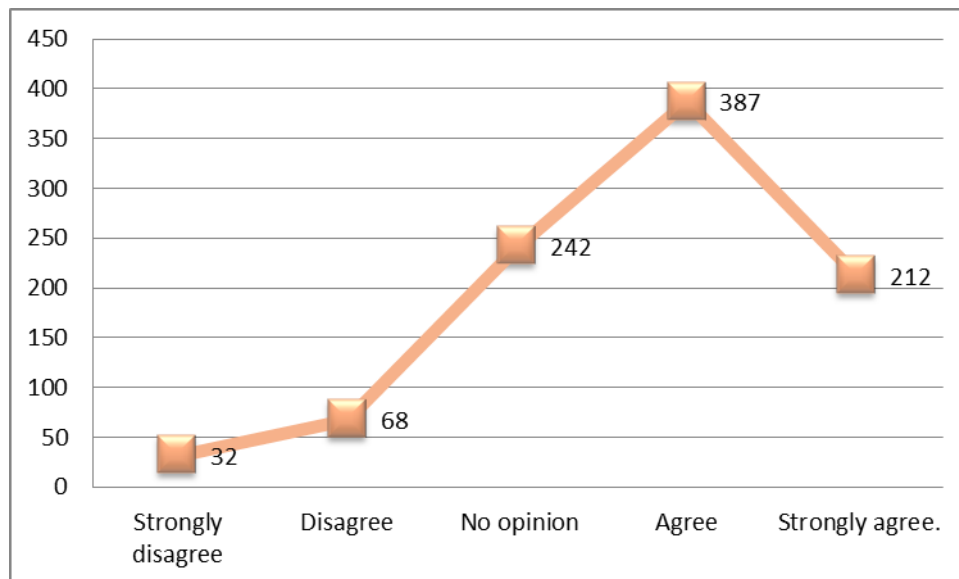

Both curricular and co-curricular activities are properly balanced in the curriculum
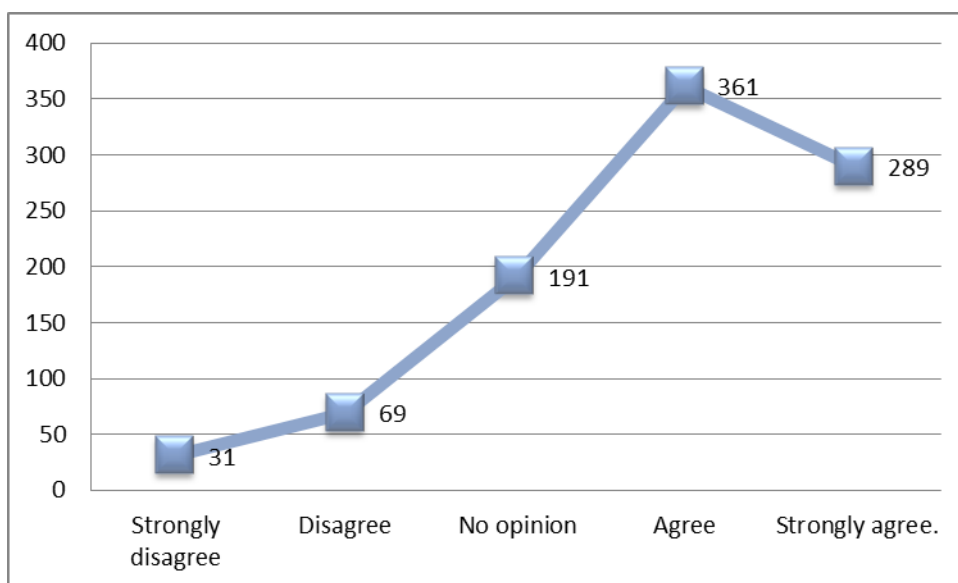

The sequence of the courses (order of subjects in semesters) that I have studied in the programme is excellent.

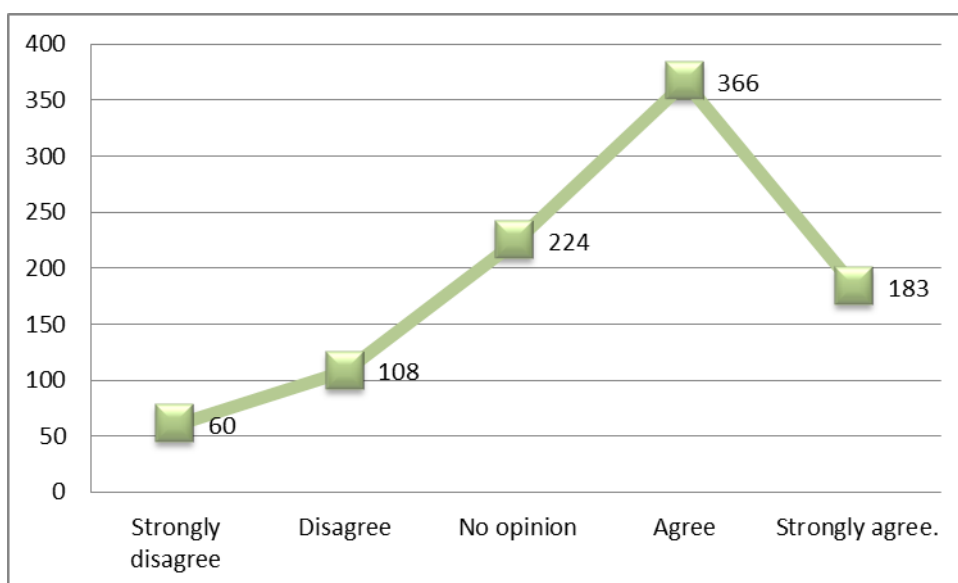

**The Electives/ Specializations offered were appropriate**

**The text books and reference books provided and suggested were adequate for the study**

The content of the syllabus in terms of the load on the student is appropriate

**On an average most of the teachers illustrate the concepts through examples and applications.**

The institution offered multiple opportunities to learn and grow.

The overall quality of teaching-learning process in the institution is very good.

The entire learning process helped me to attain cognitive, social and emotional growth.
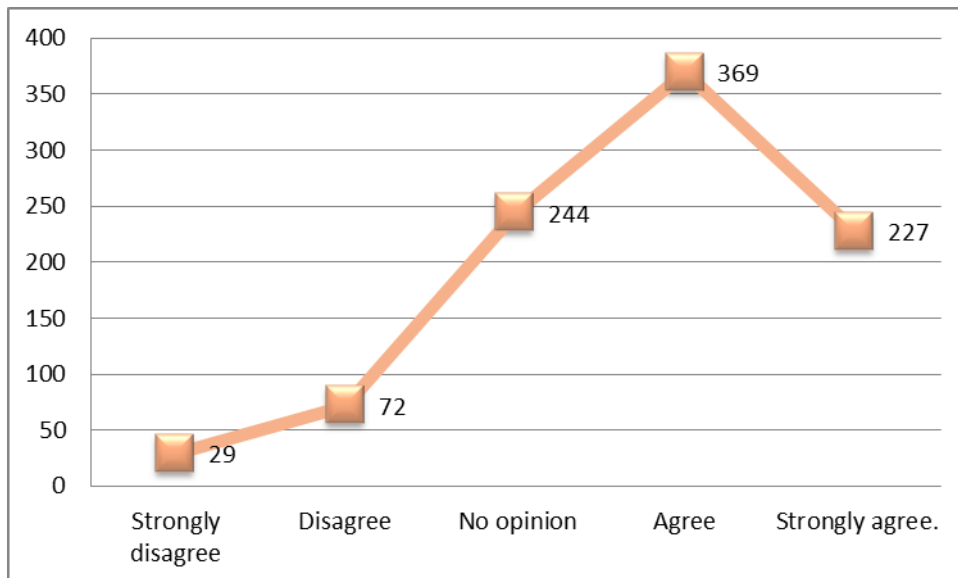

The entire learning process supported me to be a more responsible citizen
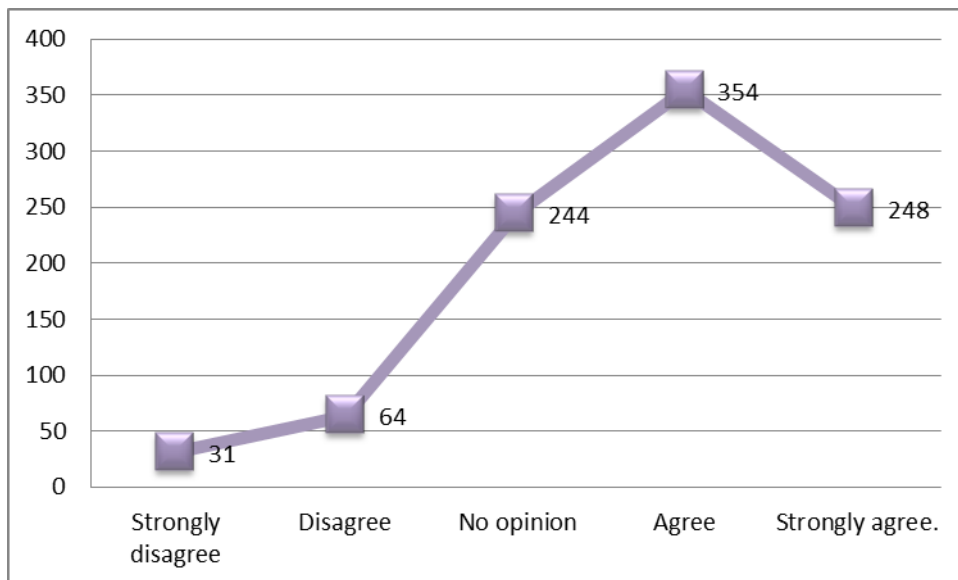

The college took active interest in promoting internship, student exchange, field visit opportunities for students.
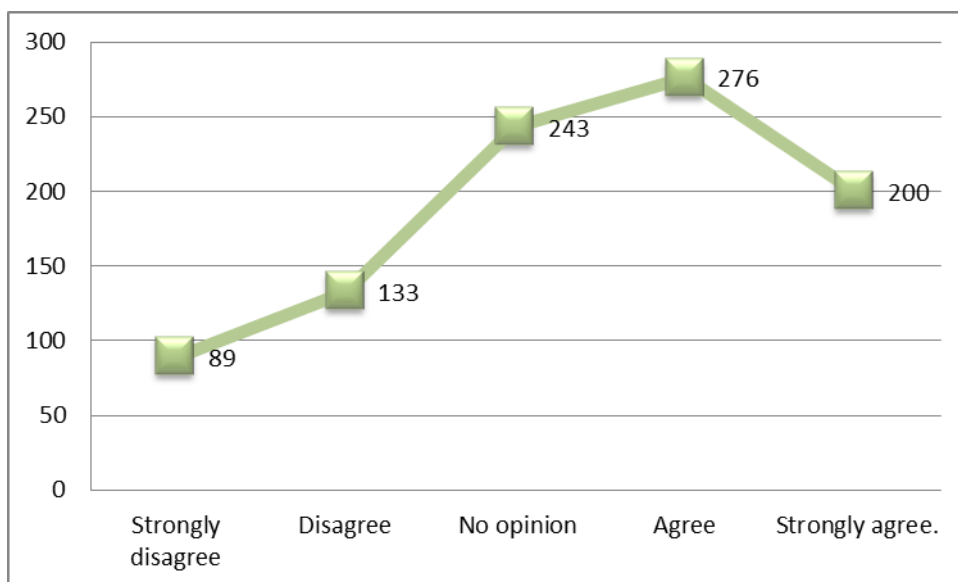

The programme (UG/PG) increased my confidence and I felt that I have become more employable.
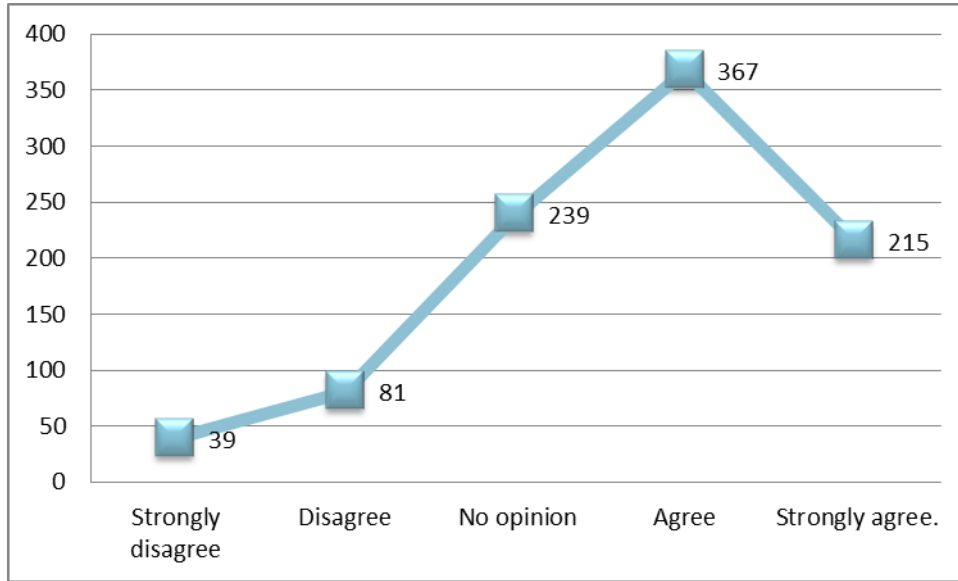

I am satisfied with the overall facilities of the college including laboratories, internet café, and library and computer labs.
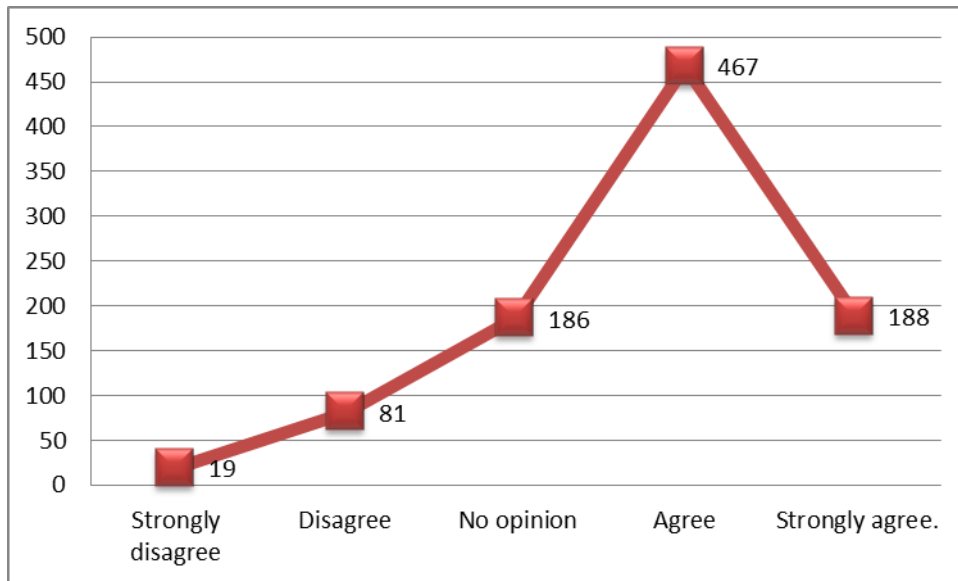

I am satisfied with the overall facilities of the college for sports and games

Findings

- Latest changes in the discipline must be included in the curriculum.
- More ICT, Virtual tours, subject updating seminars, case studies etc must be included in the curriculum.
- Pre course materials and other reference materials must be circulated through Linways – the LMS of the college.
- Make sure that the students get sufficient time to learn each course satisfactorily.
- Use more modern evaluation tools that can provide opportunities to the learners to demonstrate the knowledge and skills acquired**.**
- There should be proper synchronization of curricular and co-curricular activities.
- Check whether there is any need to rearrange the sequencing of courses.
- Check the relevance and appropriateness of optional courses
- Take necessary efforts by departments to arrange internships, student exchange, field visit opportunities, for students.
- Conduct periodical evaluation of laboratories, internet café, and library and computer labs.
- Make sure that all the above mentioned have adequate facilities expected by the students.

Action taken

- Heads of the Departments were directed to update the syllabus add on courses offered by their departments
- Teachers were asked to use the LMS of the college effectively to provide reference materials, conduct online examinations etc.
- Meeting of the finance committee, library committee were held and was decided to examine the sufficiency of facilities available in library, inter net café, laboratories etc.
- It was decided to invite alumni of the college who excel in various fields, to interact with the students.
- Decision was taken to offer more short term training programmes, which are relevant.
- Decision was taken to offer more facilities that ensure the academic and non-academic growth of the students.
